

Jobs in Bridgewater: 10 Years From Now

Social Studies 7

Outcome 7.2.3.1- Students will identify current trends and examine factors that may impact on the trends

Outcome 7.2.3.2- Students will predict economic commodities and skills that will empower individuals and groups in the future

For this project you will collaborate in groups of 3-4 to investigate: How do you think that local job market will change over the next 10 years?

PART 1: BRAINSTORMING

You will need to work together to complete each of the following steps:

- Research the local job market now (<http://www.city-data.com/canada/Bridgewater-Town.html>)
- Based on your job market knowledge predict where you think the job market is going, brainstorm 3 changes that you see happening to the local job market. You will record your brainstorm on the Jobs in Bridgewater Brainstorm and justify your answers.

PART 2: CREATING YOUR COMMERCIAL

Imagine that it's 10 years from now and your group is in charge of highlighting the key jobs in the Town of Bridgewater by creating a commercial to inform viewers about the Bridgewater job market. You will need to work together to complete each of the following steps:

- Create a script for your commercial. It should be a minimum of 1 page and include speakers, dialogue, and actions.
- Film your commercial using any necessary props and advertising techniques.
- Edit your commercial using iMovie. There is a brief tutorial available at: <https://www.youtube.com/watch?v=F5kGiU9LQsg>. Ensure that your group has included titles, transitions, and effects where appropriate.
